## ADO ADDITIVES MFG PVT. LTD.

a dominant player of India in the field of construction chemicals  
factories in different parts of India  
expert team of technical professionals  
technically assisted by IIT, New Delhi and Jadavpur University, Kolkata  
world class technology and wide product range  
pan India presence

## SELENA

sales to 70 countries  
30 companies in 70 countries  
42000 customers and millions of end-users all over the world  
no. 1 and largest manufacturer of one-component polyurethane foam in the world  
16 high-tech manufacturing plants with R&D Lab in Poland, China, Spain, Turkey & Romania  
product diversification for individual regions, markets and customers  
high and consistent product quality confirmed by renowned international institutions and also conferred with various product awards

Selena Group is listed on the Warsaw Stock Exchange since 2008

### ORBAFOAM INNO-20/INNO-40

**ORBAFOAM INNO** is a single component low expansion polyurethane foam. It prevents deformation of door & window frames by controlled expansion. Can be used in places that are difficult to access. Superior performance and perfect finish.

**USP :** 100% application friendly

**APPLICATION :** For installation of doors & windows

**AVAILABILITY :** 310 ml / 570 ml aerosol can

**COLOUR :** Yellow

### ORBAFOAM MULTI-PURPOSE

**ORBAFOAM MULTIPURPOSE** is a single component expandable polyurethane foam with a manual canula or gun. Yield 45 l per litre. Excellent filling & sealing capacity. High adhesion to all substrate. No emission of harmful gases during application & post curing [H-CFC free].

**USP :** Multipurpose usage

**APPLICATION :** Installation of door & window frames.

Filling & sealing gaps between brick & concrete. Filling & sealing of cracks. Thermal & acoustic insulation.

**AVAILABILITY :** 750 ml aerosol can

**COLOUR :** Yellow

### ORBAFOAM FIRE STOP

**ORBAFOAM FIRE STOP** is a single component expandable fire resistant polyurethane foam. Classified up to EI 240 according to UNE EN 1366-4/13501-2.

**USP :** Fire rating 4 hrs

**APPLICATION :** Sealing, insulation and filling of joints, cracks & holes where fire resistance is required. Suitable for structural spaces between door & window frames and walls.

**AVAILABILITY :** 750 ml aerosol can

**COLOUR :** Grey

## ORBAFOAM CLEANER

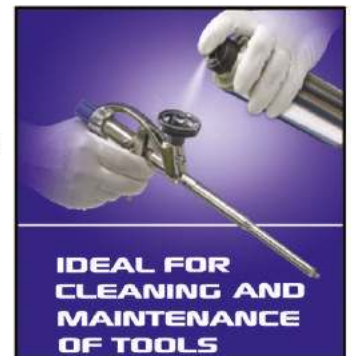

**ORBAFOAM CLEANER** is acetone based and used for cleaning fresh uncured PU foam, the foam applicator gun and the adaptor of Orbafoam Multipurpose aerosol can.

**USP :** Complete cleaning

**APPLICATION :** Essential for cleaning and maintenance of foam gun. To remove the surplus applied foam and tools. The cleaner is effective when the foam is in uncured condition.

**AVAILABILITY :** 500 ml aerosol can

## MS 1000 USES

**MS 1000 USES** is a single component MS Polymer Sealant Adhesive. Bonds any kind of material, similar or dissimilar. High resistance to weather and UV rays. Free of isocyanates and solvents. Sticks also to humid/wet surfaces.

**USP :** Bonds any to many, Eco-friendly

**APPLICATION :** Elastic bonding and sealing of any materials, suitable for construction & automobile industry.

**AVAILABILITY :** 280 ml cartridge / 100 ml tube

**COLOUR :** White / Transparent

## MONTAJE FIX EXPRESS

**MONTAJE FIX EXPRESS** is a strong and ultrafast mounting adhesive based on an aqueous dispersion of modified acrylic resins.

**USP :** Insta bonding & paintable

**APPLICATION :** Fixing of baseboard and friezes, panels and mouldings of wood, plaster, cork, metal and rigid PVC, plastics, mouldings of expanded polystyrene, bricks etc.

**AVAILABILITY :** 375g cartridge / 250g tube

**COLOUR :** White

## SINTEX H-44 ADHESIVE FOR PVC

**SINTEX H-44** is a quick drying adhesive for bonding hard PVC as an alternative to conventional bonding. The adhesive locally dissolves PVC thus achieving an effect equivalent to cold-welding.

**USP :** Cold welding for unitised system

**APPLICATION :** Bonding element of pipelines, sanitary plumbing sewage network(s) and transporting pipes. Bonding all types of hard PVC.

**AVAILABILITY :** 300 ml cartridge / 100 ml tube

## ORBASIL N-09 CONSTRUCTION GENERAL USE

**ORBASIL N-09** is a single component neutral silicone sealant with excellent weather & UV resistance.

**USP :** Smooth Finish

**APPLICATION :** Seals static & expansion joints. Sealing facade, curtail wall, door & windows, structural glazing, etc.

**AVAILABILITY :** 300 ml cartridge / 600 ml sausage

**COLOUR :** Black, White, Grey, Clear

## SINTESEL MULTI-PURPOSE

**SINTESEL MULTI-PURPOSE** is a single component moisture curing paintable siliconized acrylic sealant. It is anti-fungal, mould & UV resistant. It has an excellent adhesion on most substrate and can be applied on wet surfaces without any primer.

**USP :** Paintable & Bonds on wet surfaces also

**APPLICATION :** Sealing of bathroom & kitchen fittings, gaps and joints. Sealing around doors and windows. Sealing of connections, gaps in walls, ceilings & facades.

**AVAILABILITY :** 300 ml cartridge / 150 ml tube

**COLOUR :** White / Transparent

## SINTEX PU-40 CONSTRUCTION JOINTS

**SINTEX PU-40** is a single component low modulus with high elasticity moisture curing paintable polyurethane sealant for construction joints.

**USP :** High abrasion resistance

**APPLICATION :** Sealing of static and expansion joints on facade, roof, balcony etc. Suitable for both indoor & outdoor application.

**AVAILABILITY :** 300 ml cartridge / 600 ml sausage

**COLOUR :** Black, Grey, White

## LITEPLAST LIGHT CRACK FILLER

**LITEPLAST** is a light, quick repair single component paste ready to use and easy to apply.

**USP :** Paintable & sandable

**APPLICATION :** For filling cracks, crevices, fissures, holes in all type of surfaces.

**AVAILABILITY :** 250 ml container / 150 ml tube

**COLOUR :** White

## SMART SOLUTION FOR EVERY APPLICATION

Glazing

AC Installation

Gap filling with Foam

Bathroom Fittings

Decorative Masonry Work

Swimming Pool

Building Facade

Floor Coatings
